

This is a 1990 County Block Map of Knoxville, Tennessee, showing street layouts, lot numbers, and geographic features like the Tennessee River and local lakes. The map is color-coded by census tract, with various numbers (e.g., 1, 6, 7, 8, 9, 11, 21, 22, 23, 24, 34, 35, 55, 56) indicating different areas. Major roads like I-75 and I-40 are visible, along with the city center and surrounding suburbs.

ABBREVIATION REFERENCE: AIR = American Indian Reservation; Trust Land = Off-Reservation Trust Land; TJSA = Tribal Jurisdiction Statistical Area; TDSA = Tribal Designated Statistical Area; ANVSA = Alaska Native Village Statistical Area; ANRC = Alaska Native Regional Corporation; CCD = Census Civil Division; CDP = Census Designated Place; BNA = Block Numbering Area

Figure 1 illustrates various symbols used in map design, categorized into three columns. The first column shows symbols for roads and trails: a solid line for Highway, a dashed line for Secondary Road, a line with cross-ticks for Jeep Trail/Wakeby/Ferry, and a line with cross-ticks for Railroad. The second column shows symbols for boundaries and features: a line with cross-ticks for Pipe/Power Line, a line with cross-ticks for Ridge/Physical Feature, a line with cross-ticks for Property/Fence Line, and a dashed line for Nonvisible Boundary. The third column shows symbols for water bodies and other features: a blue wavy line for Stream/Shoreline, a green wavy line for Intermittent Stream, a blue wavy line for River, a red wavy line for Glacier, a blue dashed box for Military, a grey box for Inset, and a grey box for Out Area.

Where international state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- <sup>1</sup> A "0" following a place name indicates that the place is also a false MCD and the false MCD name is not shown.
- <sup>2</sup> In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '99' suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- <sup>3</sup> A "\*" following a block number indicates that the block number is repeated elsewhere in the block.

1. Legal boundaries and names are of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File records. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for the Census Bureau's statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement.
